Motivation letter

MISSION EUROPE

I am writing to express my enthusiasm for the opportunity to participate in the European Union Missions and support the interests of social actors in El Borge. The chance to engage in activities promoting healthy lifestyles, advancing digitalization, raising climate change awareness, and supporting local events aligns perfectly with both my personal and professional goals.

Supporting local events, such as “El día de la pasa,” will allow me to contribute to the success of these events while preserving and celebrating local cultural values. Participating in these projects represents not only a professional opportunity but also a chance for significant personal and professional growth. I look forward to contributing to the European Union’s social and environmental goals and becoming an active member of the El Borge community.

Thank you for considering my application.

Best wishes,

Nihat Rashidli
